My dear Miss Baldwin:-

I have pleasure in sending you under separate cover, recent illustrated supplements of the "Paris Figaro", which you may find of interest. As I have no complete copies here of the former issues, I am sending you three separate pages upon which you will find the portraits of Roty, Mouchon and Peter, also the portrait of the late lamented Dupré, with a woodcut reproduction of his plaque dedicated to Mariani.

I have instructed Messrs. Park & Tilford to deliver to you three (3) bottles of Vin Mariani, which please accept with my compliments and best wishes.

Respectfully,

J:G

Dear Miss Baldwin:-

When I had the pleasure of last seeing you, you mentioned  
the fact, of the Director having alluded in the Annual, to  
Monsieur Mariani.

If not abusing of your kindness, may I ask you to kindly  
send me two copies of this report, one of which I would like to  
join with the Letter from the Director to Monsieur Mariani, in  
my next mail.

Appreciating your kind attention and with anticipated  
thanks, I am, with kind regards,

Very truly yours,

Mr. J. N. Jaros,

M. Mariana & Co.,

52 West 15th St.,

New York.

Dear Mr. Jaros:

Upon inquiry, I find that the Director's report, alluding to the medals presented by Monsieur Mariana, will be published in the forthcoming number of the Journal, the first quarter for the present year. I am sorry, therefore, that I shall not be able to mail you copies of the report in time to join your letter to Monsieur Mariana.

As soon however, as the Journal is in our hands you will received two copies which I accept with my compliments for yourself and Monsieur Mariana. Two complete numbers of the Journal, I need not emphasize, will be of far greater value than mere copies of the report itself.

With many thanks for your kind letter,

Very truly yours,

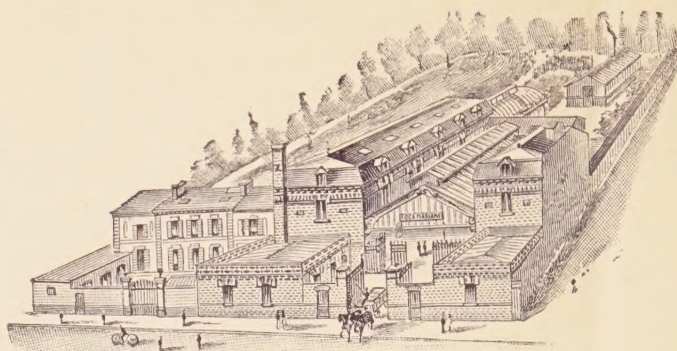

Curator.

Miss Agnes Baldwin, Curator,  
American Numismatic Society,  
156th St. west of Broadway, N.Y.

My dear Miss Baldwin:-

As per our phone conversation of this A.M., I take pleasure in sending to you for the Society, Twelve pieces by Mouchon, which the artist offers with his compliments to the Society, at the instigation of my brother-in-law, Mr. Angelo Mariani of Paris.

Mr. Mariani also presents to the Society one bronze plaque, which he has had executed by Patriarche in honor of the celebrated French Entomologist, J.H. Fabre, author of many volumes on life and habits of insects. Also a medal in silver, by Patriarche, which Mr. Mariani had executed for one of his friends, the proprietor of the "Isle of Gold", a small island in the Mediterranean.

At the same time, I am sending a set of the photographic reproductions of Mariani's Medals, and plaquettes, which the Society already is in possession of. I am also sending one of our recent publications showing the portraits of Fabre and Patriarche, which I thought might be of interest to the Society.

If you desire any further data bearing on aforesaid, I will gladly give you same, when I have the pleasure of seeing you.

En attendant, acceptez chère Mademoiselle un bien affectueux souvenir de Madame Jaros, et mes hommages respectueux

Sincerely yours,

P.S. I am enclosing a letter of Monsieur Mouchon and his description of his plaquettes and medals.
